Remote Students Return to School

Based on new guidance from ISBE and IDPH, please contact your Building Principal if your remote learner is interested in transitioning to an in-person learner by Wednesday, March 24th. Final decisions will be made based on student needs, the appropriate social distancing within each classroom, and student class schedule.

IAR Testing and the IL Science Assessment

Starting April 13, 2021, we will administer the IAR tests. All students will take the ELA tests on Tuesday, April 13th and Wednesday, April 14th. Starting Thursday, April 14th, students will complete the Math tests during their Math classes.

Our 8th grade students will be completing the IL Science Assessment during their Science classes starting May 3rd.

Remote students can only take the state assessments while present in the school building. If any remote students plan to attend school to take these tests, please contact the school office for more information. Call 815.335.2364 before Wednesday, April 7th.
